## Papio Love Potion Is Exciting ☆ Real Intense

I really had a great time drawing this episode! It was fun  
being able to draw a lot of those scenes. (Since she doesn't show  
up often . . .) I got a chance to do close-up shots of other  
characters, too. My assistants (goddesses) actually designed  
everyone's outfits in this episode. There are some I redesigned  
to my taste, but I think they look good and fit the characters/  
personalities well. Thank you to my assistants!

I like the cover page as well. I drew it with an idea of the  
1981 education program. . . (Kagami) But it turned out kind of  
off-season. It looks too much like in the early 1980s for the  
December issue of the magazine. . . It was perfect for this  
book's release!

I like this character! The painting isn't just in black and white,  
but the colors are very good. It looks like it's Christmas...

That happy scene reminds me of a young girl and I see it. It  
has nothing to do with the main story, though... It's just  
something I like.

We have some new characters. It was tough creating them  
and I like it. I think I like the characters of all the girls who  
stayed in the editorial department overnight and drew the  
characters. It was a real good day, it was very

## POAK: Feeling Like An Animal Is Awesome?!

I tried to make this cover page look like a New Year's greeting card, since it was like New Year! If I had another excuse, I could have dressed everyone up as the twelve zodiac signs. So okay, I like Kira and Jero as a squirrel and a dog. I heard Jero resembles Ag's assistant's dog and everyone often calls him by that name, so... I guess he is like a dog. Actually, Kira and Jero embarrassed me in this episode. (Sighs) When will they be able to kiss someone?!! Kuku-bitching it suddenly got very uncomfortable.

## POP 14 A Romantic ♥ First Kiss??

It's spring so I draw cherry blossoms! I love cherry blossoms! It's my favorite flower. This cover page was made to look like a school entrance ceremony. I wanted to draw a girl's white sailor-style uniform and a blazer jacket. I think Ich and Zero both look good in blazer jackets.

There's been some progress in the love story, I think? It's hard to tell. I have no idea what will happen, either. I'm still expanding as I go along, so I almost wonder if this is fine. But on the other hand, it's probably better that we can't predict the story.

The time I chose the chapter title. I took Clavier's basic idea and used it. (Laugh)

Can you  
hear it?

...big surprise  
either.

...I almost took  
you seriously.

Eh...?

It's okay

★ Thank you for always reading my work. I really get lots of comments and love started from everyone! And there are people who send me key chains and other gifts. It's fun getting things that look like a lolipop, too! But you don't really need to do that for me...

★ We make reply inserts since we have a hard time with writing addresses and stamps. It'll help us if you include a return envelope. We're sorry for the inconvenience we may have caused you.
